- 307 Sohini Apartment Datta mandir road Vakola Santacruz E Mumbai 400055

SKILLS

Technical Skills:
- HTML, CSS,
- JavaScript
- PHP,
- Python
- MongoDB
- Figma

Web Development Tools:
- Version Control (Git)
- Responsive Design Principles

Soft Skills:
- Problem-solving Ability
- Strong Communication Skills
- Team Collaboration

EDUCATION

Bachelor of Engineering (Currently Pursuing)

Atharva College of Engineering, Mumbai, India

Branch: Information Technology

Expected Graduation: 2027

Relevant Coursework:
Web Development, Software Engineering, Computer Programming

CERTIFICATIONS & COURSES

Government Certification in Web Development (HTML, CSS, JavaScript, Python, PHP, Node.js, Express.js)
- Full-Stack Web Development – Pride Institute
- Git & GitHub for Developers – Self-Learned
- Figma for UI/UX Design – Self-Learned

PROFILE

Motivated and passionate Web Developer with a strong foundation in HTML, CSS, JavaScript, PHP, Python, Figma, Git, GitHub, and MongoDB. Currently pursuing a Bachelor of Engineering in Information Technology, I have hands-on experience in developing responsive, interactive, and user-friendly web applications. Skilled in frontend development, UI/UX design, and performance optimization, I am always eager to explore new technologies and enhance my expertise. With a problem-solving mindset and a keen eye for design, I strive to create seamless digital experiences. Open to learning and adapting, I am excited to contribute my skills and fresh perspective to a dynamic team.
Let me know if this works or if you'd like further refinements!

PROJECTS

Feb 2025

Price Genie – Real Estate Price Prediction Tool
A web-based tool that estimates real estate prices based on user inputs such as area (sq. ft.), BHK, bathrooms, and location.
- Technologies Used: HTML, CSS, JavaScript, jQuery
- Features:
  - Fetches location data dynamically via an integrated backend API
  - Provides real-time property price estimations
  - Displays a progress bar for enhanced user experience
  - Implements a clean and responsive UI for smooth navigation

Personal Portfolio Website
A dark-themed, interactive portfolio showcasing skills, projects, and expertise in web development.
- Technologies Used: HTML, CSS, JavaScript, Typed.js
- Features:
  - Dynamic typing effect using Typed.js for an engaging introduction
  - Smooth scrolling and animations for enhanced user experience
  - Fully responsive design optimized for all screen sizes
  - Showcases personal projects, skills, and certifications effectively

Jarvis AI – Virtual Assistant
An AI-powered voice assistant that performs various tasks based on user voice commands.
- Technologies Used: Python, SpeechRecognition, pyttsx3, OpenAI API
- Features:
  - Converts speech to text and executes user commands
  - Uses OpenAI API for intelligent responses and automation
  - Provides real-time interactions with text-to-speech capabilities
  - Can perform basic tasks like opening applications, answering queries, and fetching information

----

Achievements & Extracurricular Activities

Feb 2025

- Design Team Member at GDGC (Google Developer Group on Campus) – Gained hands-on experience in UI/UX design using Figma, contributing to visually appealing and user-friendly designs.
- Earned a Government Certification in Web Development (HTML, CSS, JavaScript, Python, PHP, Node.js,).
- Participated in Designathon and coding competitions, applying problem-solving and development skills to real-world challenges.
- Self-learned Git, GitHub, and Figma, improving version control and UI/UX design expertise.
